May 7, 2008

To The Bridgewater Board of Selectmen:

Re: Building Fees

The Building permit fees have not been changed since May 17, 2002. The Building Department would like to bring their fees in line with other towns in the area (copies of which are enclosed). The Bridgewater Building Department at this time is proposing to rescind the existing Building Permit Valuation Schedule and Building Fee Schedule, which was adopted at a town meeting on May 17, 2002, and to adopt the Schedule which is attached. The effective date of the rescission of the existing Schedule and the effective date of the adoption of the new Schedule will be July 1, 2008, at 9:00 a.m..

Sincerely,

Joseph Manley  
Building Official
