

Bulky Pick up

Large dumpster trucks will be at the town garage located at 324 Hut Hill Road, where residents may deliver miscellaneous household items to be disposed of.

All articles that are too large to transport in a car or a pickup truck may be placed on the roadside for pick-up by 7:30 AM on Monday.

Metal items will now be picked up separately from all other items. Please make sure you separate metal items at your curbside so that the Town Crew can easily identify these items. There will be separate trucks picking up all non-metal bulky items.

ONLY ONE PICK-UP PER HOUSEHOLD!

Freon-bearing items will be accepted for a charge of \$12.00 per item. If you bring an item to the Town Garage, please be prepared to pay by check. We will send a bill for any freon-bearing items left on the curbside during bulky pickup.

PLEASE NOTE: THESE ITEMS NOT ACCEPTED FOR BULKY PICKUP

- steel barrels
- garbage (State Law prohibits the town from accepting garbage at the Town Garage)
- large amounts of building material
- tires left at curbside (tires are accepted at the town garage for a fee payable by check)
- items over 10 feet in length.

The scrap metal dumpster is available year round, not just during bulky pick-up.

We will be monitoring bulky pick-up very closely. We are not accepting any items from outside of this town. The Town Crew will make one pass around town. Articles that are put placed at roadside after your road has been picked up will be the responsibility of the homeowner to dispose of.
